

PTE Product Description

The PTE is a pole top LED streetlight with a long life expectancy, specifically designed for parking lots and roadways. Low energy consumption and zero-maintenance advantages of the LED light engine provide significant reductions in operational costs and greenhouse gas emissions. The optical design eliminates glare and light trespass, while providing superior pole to pole uniformity.

Features and Benefits

- High system efficacy
- Type 4/5 distribution
- Full cut-off for reduced glare and light trespass
- Nominal input power of 90 Watts
- Replaces 250W - 400W metal halide
- Useful life of 70,000 hours (to 70% of initial light output)
- CRI of 90+
- Standard 5000K
- Rugged extruded aluminum housing
- Most standard pole mounting options available
- Anodized finish available in black, silver, bright or matte gold
